

# AMBIT WALL LAMP – US VERSION

**TAF STUDIO ON THE DESIGN** “What defines our attraction to shapes? With the Ambit Wall Lamp, we wanted to create a flexible light that explored form and proportions in a meticulous way. We discovered a unique dynamic between linear and rounded shapes that gives the lamp its unique outline, making the Ambit Wall Lamp a timeless design. With its adjustable arm and turnable head, the Ambit Wall Lamp has a functional character, joined by its clean expression with no visible screws and handspun aluminum material for an elegant touch.”
